# HS-40

## Mini bar

Thermoelectric hotel mini bar HS-40 is an innovative product which combines the outstanding modern design with ecology.

The black mirror upon the front door turns the mini bar in a piece of art!

It uses the peltier effect to generate cold and make energy consumption low. Low maintenance cost, no noise cooling system, removable shelving for easy cleaning, non adjustable temperature are some of the top features of this evolutionary product.

Last but not least, even a bottle of water up to 1.5 liters in size can be easily stored in its interior.

- Energy class G
- 162 Kwh/annum
- 0Db
- LED light
- Capacity 40L
- Space for 1.5L bottle
- Temperature 5 - 8°C (ambient room temperature 25°C)
- Dimensions H540 x W405 x L440 mm
- Auto-defrost
- 70W
- 220 - 240V
- Weight 12Kg
