

E-ternal

Electronic lock

Antitheft lock for the armored – high security doors!

- 1) In comparison with any other lock, E-ternal™ is the only lock not employing a key, which protects itself from both picking tools and generic master keys.
- 2) It features an anti-drilling, high-density steel plate in the lock body, with a 10mm depth.
- 3) Controlled issue of new cards for the user only by the presence and activation of the E-ternal™ property card.
- 4) This is the perfect lock for replacing your current lock as a needed security upgrade.
- 5) It operates with 4 AA alkaline batteries. E-ternal™ Lock has an interior module for low energy consumption, extending the battery life for up to a year!
- 6) This device also features a Low Battery Signal.
- 7) Personal security cards are small and portable for your convenience.
- 8) The unique design of E-ternal™ Lock allows you set any sort of armored doors without destroying the beauty of your home or office.
- 9) Lock and unlock your door by quickly and easily placing your card in front of your card reader. You may also, lock and unlock with the use of a flexible, smart keypad with a security code of your choice, to accommodate the children, the elderly, and the disabled.
- 10) In the event of a card loss, a new card may be issued to your nearest authorized E-ternal™ store. Lost cards may also be canceled. Rest soundly, knowing that you will not waste money in repeatedly replacing parts!
